

CIRCO MAXIMO EXPERIENCE

HEALTH & SAFETY WARNINGS

In offering access to the “Circo Maximo Experience”, the organizer does not take responsibility for the use by participants of the VR ONE Plus headsets, to be used in full compliance with the manufacturer’s instructions and safety warnings.

Visitors are hereby informed that with the purchase of the admission ticket, the manufacturer’s safety warnings listed below are understood to have been read, agreed and accepted:

- do not use while performing physical activities. Only use in safe surroundings and while seated. Make sure you are not close to any other people or objects which might get damaged or hurt you;
- if you experience symptoms such as dizziness, motion sickness, perceptual after-effects, nausea, impaired vision, numbness, twitching of eyes or muscles, loss of consciousness, disorientation, neck pain, any kind of involuntary movement or cramp while using the glasses, please take them off and consult a doctor before re-using them;
- anyone who has a serious medical condition, e.g. who experiences seizures, loss of consciousness, or other symptoms linked to an epileptic condition, elderly people, pregnant women, strabismus, migraine, neck problems, dizziness should see a doctor before using the headset;
- adult supervision is strongly recommended. Children under the age of 14 should not use the headset at any time. Regular breaks must be taken when using the device for longer periods of time;
- 3D content, flashlights and light effects may cause epileptic seizures;
- to avoid loss of hearing follow the safety instructions of your smartphone and do not listen to audio content at high sound pressure levels for extended periods of time;
- do not put the smartphone display or the lenses of the headset under direct sunlight;
- the Virtual Reality function under point N. 8 must only be used while seated.

For the latest version of the health and safety warnings, please visit the manufacturer’s webpage: www.zeiss.com/virtualreality.
